To whom it may concern

For the purpose of IPPC permit IP 00001/09/A ,I, Victor fenech (I.D. 641158) being the competent person responsible for said permit, hereby declare as follows;

- a. The maximum number of Calcium Carbide metal drums each having a net weight of 100 Kgs never exceeds 250 in number. These metal drums are waterproof to ensure no passage of water which would render this raw material useless. Said drums are only stored at the Acetylene plant on wooden pellets
- b. The maximum number of filled Acetylene cylinders at the filling plant never exceeds 60 in number each containing an average of 6/8 kgs of dissolved acetylene each
- c. Another site for filled acetylene cylinders is Poligas Ltd (some 300/400 meters further down from the acetylene plant. Maximum number of filled acetylene cylinders is 30.

A handwritten signature in blue ink, appearing to read 'Victor Fenech', is written over a horizontal line.
