Table of Contents

Section 1 - Declaration

Section 2 - Statement of Compliance

Section 3 – List of Producers participating in the Scheme during the reporting period

Section 4 - Quantities of electrical and electronic equipment (EEE) placed on the market (Kilograms)

Section 5 – The quantities of WEEE collected (Kilograms)

Section 6 – The quantities of WEEE treated (Kilograms)

Section 7 – The quantities of WEEE recovered, reused and recycled (Kilograms)

Section 8 - Return and Collection Systems

Section 9 - List of Authorised Waste Management Undertakings used during the reporting period for the carrying out of the waste management operations involved in the Scheme

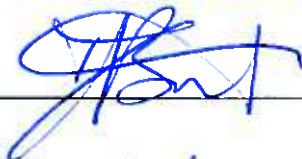

Section 10 - Proof of recovery and/or reuse and recycling

Section 11 - Information and Awareness Campaigns

Section 1 - Declaration

GreenPak Coop Society Ltd. hereby understands and agrees that the information provided in this report is of public nature and shall be made publicly available under the auspices of the Aarhus Convention.

Full Name: Denise Raincat

Signature: 

Date: 26/10/2016

Section 2 - Statement of Compliance

GreenPak Coop Society Ltd. hereby declares that all the information provided is correct and complete in terms of S.L. 504.75 – Waste Management (Electrical and Electronic Equipment) Regulations as published by Legal Notice 204 of 2014.

Full Name: Denise Brunat

Signature: 

Date: 26/10/2018

Section 4 - Quantities of electrical and electronic equipment (EEE) placed on the market (Kilograms)

GreenPak Coop Society Ltd. hereby declares that the following information refers to the total amount of EEE placed on the market during 2015 in terms of S.L. 504.75 – Waste Management (Electrical and Electronic Equipment) Regulations as published by Legal Notice 204 of 2014.

Product category	Quantities of EEE put on the market (in numbers)	Total weight of EEE put on the market (Kilograms)
1. Large household appliances	NA	476,880
2. Small household appliances	NA	97,300
3. IT and telecommunications equipment	NA	234,740
4. Consumer equipment	NA	84,640
5. Lighting equipment	NA	45,720
5a. Gas discharge lamps	NA	NA
6. Electrical and electronic tools	NA	49,120
7. Toys, leisure and sports equipment	NA	13,280
8. Medical devices	NA	57,490
9. Monitoring and control instruments	NA	11,390
10. Automatic dispensers	NA	4,060

The Scheme, pursuant to Regulation 24 of S.L. 504.75 – Waste Management (Electrical and Electronic Equipment) Regulations as published by Legal Notice 204 of 2014, is required to submit an Audit Report as specified in condition 12 of the Scheme Permit.

Date of Submission:

26/10/2016

Section 11 - Information and Awareness Campaigns

Information Session regarding the WEEE implementation

GreenPak in collaboration with the Malta Chamber of Commerce, Enterprise and Industry on the 22nd July 2015 organized an information session with regards to changes in the Eco-contribution system and the WEEE Directive. The event was chaired by the Director General of the Chamber, Mr Kevin Borg.

ERA officials, Mr Darren Cordina and Mr Kevin Mercieca explained that the EEE schedules in the Eco Contribution Act will be removed as from the 1st September 2015. Companies which put EEE products on the Maltese market are expected to either join an authorised waste management scheme or show concrete plans of self-compliance by the end of August and notify the competent authority (ERA) accordingly.

Ing. Mario Schembri, CEO of Green Pak Coop Society Ltd, then gave a presentation in which he explained that GreenPak has, since 2005, assisted hundreds of organizations meet their legal liabilities with regards to the Waste Packaging Regulations. Drawing from this extensive experience, the Co-operative has now also established a WEEE Compliance Scheme to assist organisations meet their legal liabilities under the WEEE regulations.

GreenPak advisors visit commercial outlets

During the months of July to October 2015, GreenPak advisors visited various commercial establishments with the aim of informing the business community about the legal obligations brought about by the WEEE Directive.

GreenPak advisors also distributed informative fliers including registration and signing up process.
