

Magnetic Drain Cover & Frame – MDC 03

A reusable magnetic drain cover that will adhere to all metal surfaces which are free of dirt and debris, it is extremely flexible, resistant to weather and temperature changes (-20°C to +80°C) and resists acids & alkalis.

Each compact, light-weight cover comes complete with a storage frame to allow you to wall mount it right next to the drain you want to protect and has an easy to read “how to use” pictogram on it.
