PERSONS AT RISK:									
EMPLOYEES	x	CONTRACTORS	x	LANDFILL STAFF	x	GENERAL PUBLIC	n.a.	OTHERS	n.a.
ACTIONS TAKEN TO MINIMIZE HAZARDS:									
Procedures in place regarding the parking of delivery vehicles in and around the site. Wherever possible, one way systems should be established. Speed restrictions should be clearly with appropriate signs. A traffic co-ordinator should be appointed for off-site and on-site vehicle/plant movement. Pedestrian routes should be clearly segregated on site from vehicular/plant routes. Physical barriers should be installed. Provision should be made of lighting. Signs and notices should be in place setting out standards and controls.									
MONITORING REQUIRED:									
Daily checks by appointed personnel.
