Proposal: Collection, separation and storage of waste oils from commercial, domestic and shipping operations prior to export.

**Industrial Emissions (Integrated Pollution Prevention and Control) Regulations
(SL 549.77)**

Dr Zammit German,

Reference is made to the Integrated Pollution Prevention and Control (IPPC) Permit issued to Waste Oils Co. Ltd for the operation of the installation at 42, Spencer hill (Flagstone Wharf), Marsa, (IP 00002/08/C) which was determined on the 3 May 2012, issued on 25 June 2012 and expiring on 25 July 2019.

Following your request for extension of the said permit on 26 June 2019, the ERA Board is granting an extension of 6 months until the variation and renewal application is processed and the Environment Resources Directorate recommends a decision to the ERA Board. **The conditions in IP0002/08/C shall subsist until 26th January 2020 or until such time the pending renewal is determined, whichever comes first.**

Please be guided accordingly.

Regards,

Prof Victor Axiak
Chairman
Environment and Resources Authority
