**Form IPPC Part A – application for a permit, variation, transfer or surrender****For Environment & Resources Authority Use Only**

Data received

Fee received: Yes No

Amount received

Name assigned to installation

☐ ☐**Application for a permit, variation, transfer or surrender****Integrated Pollution Prevention and Control (IPPC)**

Industrial Emissions (IPPC) Regulations 2013

**Introduction to Part A****When to use this form**

Use this form if you are sending an application to the ERA under the Industrial Emissions (IPPC) Regulations, 2013.

The form is to be used for applications made in respect of both 'installations' and 'mobile plant' (and in the rest of the form, the term 'installation' also covers 'mobile plant' where appropriate).

**Before you start to fill in this form**

There may be two or more operators in a single installation. Each operator will need a permit, each obtained by a separate application. Your applications will principally relate to the part of the installation under your control, but will also need to include some information on the rest of the installation. This will help us to assess the operation of the whole installation. The term "installation", when used in this application form (and elsewhere) may refer to either the whole or part of the installation, depending on the nature of the information we are seeking to obtain.

**Which parts of the form to fill in**

The form is in five parts but we usually only send you the parts you need to fill in. Everyone has to fill in Part A, and prepare and sign a covering letter at the end of their application.

The other parts you need to fill in depends on the type of application you are making:

- To apply for a new permit – fill in Parts A and B;
- To vary an existing permit – fill in Parts A and C;
- To transfer all or part of an existing permit to

someone else – fill in Parts A and D. This should be a joint application by the transferor and the transferee;

- To surrender all or part of an existing permit – fill in Parts A and E.

**Other documents we need to see**

There are a number of other documents you will need to send us with your application. Each time a request for documents is made in the application form you will need to record a document reference number for the document or documents that you are submitting in the box provided on the form for this purpose.

Please also mark the document(s) clearly with this reference number and either the application reference number if you know it or your existing permit number. If you do not have either of these, please use the name of the installation.

If you know your Application Reference Number, please enter it into the box below:

**Using continuation sheets**

In the case of questions required to be answered on the application form itself, please use a continuation sheet if you need extra space; but please indicate clearly on the form that you have done so by stating a document reference number for that continuation sheet. Please also mark the continuation sheet itself clearly with the information referred to above.

**Copies**

Please submit 1 hard copy and 1 soft copy of the application form and all supporting information.

A soft copy of the application form must also be submitted to the consultees identified in Regulation 19(2) of Legal Notice 10 of 2013. A signed delivery note must be enclosed with the application to ERA.

**If you need help and advice**

We have made the application form as straightforward as possible, but please get in touch with us on tel: 2292 3500 or email: [ippc@era.org.mt](mailto:ippc@era.org.mt) if you need any advice on how to set out the information we need.
