Dawn il-hatriet huma għal perjodu ta' sena b'seħħ mill-11 ta' Jannar, 2016.

Il-15 ta' Jannar, 2016

**Nru. 31**

**AWTORITÀ TA' MALTA DWAR L-AMBJENT  
 U L-IPPJANAR**

**Notifika dwar l-Eżenzjoni minn Studju  
 tal-Impatt Ambjentali**

BI qbil mar-Regolament 3(8) tar-Regolamenti tal-2007 dwar l-Istima tal-Impatt fuq l-Ambjent (Avviż Legali 114 tal-2007), u minhabba li l-Awtorità ta' Malta dwar l-Ambjent u l-Ippjanar jidhrilha li l-proposta mhux probabbli li jkollha impatti sinifikanti fuq l-ambjent, id-Direttur għall-Harsien tal-Ambjent jaqbel li l-proposta ma teħtieġ Studju dwar l-Impatt Ambjentali (EPS).

Id-Deskrizzjoni tal-Proġett (PDS) li giet ippreżentata bħala parti mill-applikazzjoni kkunsidrat b'mod suffiċjenti l-kwistjonijiet li jolqtu l-ambjent u għaldaqstant it-tnejja ta' studju dwar l-impatt ambjentali mhux se żżid informazzjoni ġdida peress li l-Awtorità għandha l-informazzjoni kollha meħtieġa sabiex tiddeċiedi dwar din l-applikazzjoni. Skont l-informazzjoni li giet ippreżentata fid-Deskrizzjoni tal-Proġett (PDS) u fil-valutazzjoni li saret skont l-Iskeda IB tal-istess Regolamenti, ma jidhirx li l-proposta se jkollha impatti sinifikanti fuq l-ambjent.

Gustifikazzjoni dettaljata tinstab hawn taht:  
*A detailed justification is presented below:*

These appointments are for a period of one year with effect from 11th January, 2016.

15th January, 2016

**No. 31**

**MALTA ENVIRONMENT AND  
 PLANNING AUTHORITY**

**Notification of Exemption of Environmental  
 Planning Statement**

IN conformity with Regulation 3(8) of the Environmental Impact Assessment Regulations (Legal Notice 114 of 2007), and in view of the fact that MEPA has determined that the proposal is unlikely to have significant environmental impacts, the Director of Environment Protection agrees that the proposal does not require the preparation of an Environmental Planning Statement (EPS).

The Project Description Statement (PDS) presented as part of the application has considered the environmental issues in a sufficient manner such that the preparation of an EPS would not add any new information and MEPA has all the necessary information to determine the application. From the information presented in the PDS and screening according to Schedule IB of the same Regulations, the proposal is not likely to have significant environmental effects.

Numru ta' Riferenza: TRK 159655 [EA00034/15]

Post: Sit taht il-baħar, f'Anchor Bay, Il-Bajja tal-Ankra, Il-Mellieħa, Malta

Proposta: Proposta għal skultura taht il-baħar għal sit għall-ghads

*Reference Number: TRK159655 [EA00034/15]*

*Location: Underwater site at Anchor Bay, Il-Bajja tal-Ankra, Il-Mellieħa, Malta*

*Proposal: Proposed underwater sculpture for dive site*

Dawn l-effetti potenzjali fuq l-ambjent, flimkien ma' numru ta' miżuri biex jittaffa l-impatt, ġew identifikati fid-Deskrizzjoni tal-Proġett (PDS) li kien sottomess lill-Awtorità fit-13 ta' Awwissu, 2015, u fil-ġustifikazzjoni għall-eżenzjoni mill-Istudju dwar l-Impatt Ambjentali li giet sottomessa fit-30 ta' Ottubru, 2015.

The following potential environmental impacts were identified and mitigation measures proposed in the Project Description Statement (PDS) submitted to MEPA on 13th August, 2015, and the justification for proposal from carrying out an Environmental Impact Assessment (EIA) submitted on 30th October 2015.

Impatt Potenzjali <i>Potential Impacts</i>	Rimarki fuq miżuri biex jittaffa l-impatt, eċċ. <i>Remarks on mitigation measures, etc.</i>
Impatti fuq riżorsi naturali <i>Impacts on natural resources</i>	L-ebda impatt sinifikanti fuq ir-riżorsi naturali huwa previst, peress li l- <i>stainless steel</i> hu kkunsidrat bħala materjal inert li jista' jintuża għall-kostruzzjoni ta' sikek artifiċjali skont il-linji gwida tal-OSPA fuq is-sikek artifiċjali tal-2009. <i>No significant impacts on natural resources are envisaged, given that stainless steel is considered to be an inert material that may be utilised for the construction of artificial reefs in accordance with the OSPAR Guidelines on Artificial Reefs, 2009.</i>
Impatt fuq l-ekoloġija <i>Impacts on ecology</i>	L-ebda impatt sinifikanti mhu previst fuq l-ekoloġija minhabba li ma hemm l-ebda postijiet ekoloġikament sensitivi jew speċi ta' flora u fauna li jinstabu vicin il-post propost. <i>No significant impacts on ecology are envisaged given that no ecologically sensitive locations or species of flora or fauna are found in close proximity to the proposed location.</i>

Minkejja dan imsemmi hawn fuq, l-Awtorità ta' Malta dwar l-Ambjent u l-Ippjanar iżżomm id-dritt li titlob lill-applikant li jissottometti informazzjoni oħra kif jista' jkun meħtieġ biex tiehu deċiżjoni dwar l-applikazzjoni.

Notwithstanding the above, the Malta Environmental and Planning Authority reserves the right to request the applicant to submit additional information as may be necessary to determine the application.
