

Nru. 325**No. 325****AWTORITÀ TA' MALTA DWAR L-AMBJENT
U L-IPPJANAR****MALTA ENVIRONMENT
AND PLANNING AUTHORITY****Notifika dwar l-Eżenzjoni minn Studju
tal-Impatt Ambjentali****Notification of Exemption of Environmental
Planning Statement**

BI qbil mar-Regolament 3(8) tar-Regolamenti tal-2007 dwar l-Istima tal-Impatt fuq l-Ambjent (Avviz Legali 114 tal-2007), u minhabba li l-Awtorità ta' Malta dwar l-Ambjent u l-Ippjanar jidhrilha li l-proposta mhux probabbli li jkollha impatti sinifikanti fuq l-ambjent, id-Direttur għall-Ħarsien tal-Ambjent jaqbel li l-proposta ma teħtieġ Studju dwar l-Impatt Ambjentali (EPS).

IN conformity with Regulation 3(8) of the Environmental Impact Assessment Regulations (Legal Notice 114 of 2007), and in view of the fact that MEPA has determined that the proposal is unlikely to have significant environmental impacts, the Director of Environment Protection agrees that the proposal does not require the preparation of an Environmental Planning Statement (EPS).

Id-Deskrizzjoni tal-Proġett (PDS) li giet ipprezentata bhala parti mill-applikazzjoni kkunsidrat b'mod suffiċjenti l-kwistjonijiet li jolqtu l-ambjent u għaldaqstant it-tnejn ta' studju dwar l-impatt ambjentali mhux se żżid informazzjoni ġdida peress li l-Awtorità għandha l-informazzjoni kollha meħtieġa sabiex tiddeciedi dwar din l-applikazzjoni. Skont l-informazzjoni li giet ipprezentata fid-Deskrizzjoni tal-Proġett (PDS) u fil-valutazzjoni li saret skont l-Iskeda IB tal-istess Regolamenti, ma jidhrix li l-proposta se jkollha impatti sinifikanti fuq l-ambjent.

The Project Description Statement (PDS) presented as part of the application has considered the environmental issues in a sufficient manner such that the preparation of an EPS would not add any new information and MEPA has all the necessary information to determine the application. From the information presented in the PDS and screening according to Schedule IB of the same Regulations, the proposal is not likely to have significant environmental effects.

Ġustifikazzjoni dettaljata tinstab hawn taht:

A detailed justification is presented below:

Numru ta' Riferenza: PA 02656/14

Post: Sit f'Tal-Wej, In-Naxxar

Proposta: Tqeghid ta' kanna tal-ilma b'dijametru ta' 450 mm

Reference Number: PA 02656/14

Location: Site at Tal-Wej, Naxxar

Proposal: Laying of 450mm diameter water main

Dawn l-effetti potenzjali fuq l-ambjent, flimkien ma' numru ta' miżuri biex jittaffa l-impatt, ġew identifikati fid-Deskrizzjoni tal-Proġett (PDS) li kien sottomess lill-Awtorità fit-2 ta' Frar, 2015, u fil-ġustifikazzjoni għall-eżenzjoni mill-Istudju dwar l-Impatt Ambjentali li giet sottomessa fis-6 ta' Marzu, 2015.

The following potential environmental impacts were identified and mitigation measures proposed in the Project Description Statement (PDS) submitted to MEPA on the 2nd February, 2015, and the justification for proposal from carrying out an Environmental Impact Assessment (EIA) submitted on 6th March, 2015.

Impatti potenzjali
Potential Impacts

Impatti fuq ekoloġija u
l-wirt kulturali

Rimarki fuq miżuri biex jittaffa l-impatt, eċċ.

Remarks on mitigation measures, etc.

Ir-rotta tal-kanna tal-ilma giet devjata għal tul il-ġenb matul il-punent tas-sit, li hija parti minn sit ta' importanza ekoloġika (Livell 2). Intalab biex il-kanna tal-ilma titpoġġa mal-livell tal-ħamrija għat-tul tas-sit ftit il-bogħod mill-ħajt tas-sejjeħ. Ix-xogħlijiet huma meħtieġa li jkunu sensitivi għall-ħajt tas-sejjeħ, minhabba l-valur kulturali ta' partijiet mill-istess ħajt. F'dan ir-rigward, l-impatti fuq l-ekoloġija u l-wirt kulturali mhux probabbli li jkunu sinifikanti.

<i>Impact on ecology and cultural heritage</i>	<i>The pipeline was rerouted along the western flank of the land falling within an area of ecological importance (Level 2). The pipe is sought to be laid slightly at soil level running along the length of the rubble walls. Works are required to be sensitive to the rubble wall, noting the cultural value of parts of the same wall. In this regard, impacts on ecology and cultural heritage are not likely to be significant.</i>
Holqien ta' skart	L-ammont ta' skart solidu li x'aktarx jġi ġġenerat waqt il-faġi ta' kostruzzjoni mhux mistenni li jkun sinifikanti, speċjalment meta wieħed iqis in-natura tal-proġett.
<i>Waste generation</i>	<i>The amount of solid waste likely to be generated during the construction phase is not likely to be significant considering the nature of the project.</i>
Storbju, vibrazzjonijiet, u kwalità tal-arja	Waqt il-kostruzzjoni, l-emissjonijiet mhumiex mistennija li jkunu sinifikanti. Impatti relatati mal-istorbju, vibrazzjonijiet u l-kwalità tal-arja se jkunu temporanji u jistgħu jiġu immitigati skont ir-Regolamenti dwar l-Immaniġġar Ambjentali tas-Siti tal-Kostruzzjoni (Avviż Legali 295 tal-2007, kif emendat).
<i>Air quality, noise and vibration impacts</i>	<i>During construction, emissions are not expected to be significant. Noise, vibrations, and dust-related impacts during construction, are temporary and can be mitigated through the application of mitigation measures identified in the Environmental Management Construction Site Regulations (Legal Notice 295 of 2007, as amended).</i>

Minkejja dan imsemmi hawn fuq, l-Awtorità ta' Malta dwar l-Ambjent u l-Ippjanar iżzomm id-dritt li titlob lill-applikant li jissottometti informazzjoni oħra kif jista' jkun meħtieġ biex tiegħu deċiżjoni dwar l-applikazzjoni.

Notwithstanding the above, the Malta Environmental and Planning Authority reserves the right to request the applicant to submit additional information as may be necessary to determine the application.
