No. 679**MALTA ENVIRONMENT
AND PLANNING AUTHORITY****Exemption of Environmental Planning Statement**

IN conformity with Regulation 3 (8) of the Environmental Impact Assessment Regulations (Legal Notice 114 of 2007) in respect of the application mentioned hereunder, and in view of the fact that MEPA has determined that the proposal is unlikely to have significant environmental impacts the Director of Environment Protection agrees that the proposal does not require the preparation of an Environmental Planning Statement (EPS).

The Project Description Statement (PDS) presented as part of the application has considered the environmental issues in a sufficient manner such that the preparation of an EPS would not add any new information and MEPA has all the necessary information to determine the application. From the information presented in the PDS and screening according to Schedule IB of the same Regulations, the proposal is not likely to have significant environmental effects.

A detailed justification is presented below:

Reference Number: PA 02623/09

Location: Quay at Xatt Lascaris, Valletta

Proposal: Upgrading and extension of Lascaris Wharf

The following potential environmental concerns were identified and mitigation measures proposed in the Project Description Statement (PDS) submitted to MEPA in 6th January 2010 and the justification for proposal from carrying out a limited Environmental Impact Assessment (EIA) submitted on 20th May 2010.

Impatti potenzjali <i>Potential Impact</i>	Rimarki fuq miżuri biex jitaffa l-impatt, eċċ. <i>Remarks on mitigation measures, etc.</i>
Kwalità tal-ilma	Effetti mit-tixrid ta' żjut, <i>fuel</i> u kimika oħra minħabba l- <i>batching plant</i> temporanja, il-makkinarju u t-tqegħid ta' <i>concrete placements</i> se jiġu evitati permezz ta' hażna adegwata u miżuri <i>standard</i> biex jittaffew dawn l-impatti. Id- ' <i>decanting</i> ' tal- <i>fuel</i> u żjut fuq jew viċin ix-xifer ta' mal-baħar se jiġi kkontrollat bir-reqqa permezz ta' lqugħ temporanji li se jitpoġġew fiż-żona biex jiġi kkontrollat xi tixrid li jista' jseħħ. Kull miżura ta' emerġenza neċessarja għandha titnieda fil-każ ta' xi tixrid minħabba l-iżvilupp propost.
<i>Water Quality</i>	<i>Potential oil, fuel or chemical spillages from temporary batching plant, equipment and under water concrete placements shall be minimized by their appropriate storage and use in accordance with good working practice. Decanting of fuel and oil on or adjacent to the sea wall will be strictly controlled and temporary bunds set-up to contain spillages. All necessary emergency procedures to be instigated in the event of a spillage.</i>
Skart	L-iskart li se jinholoq mill-iżvilupp kif propost huwa minimu (madwar 19,600 metru cubu). Il-metodu ta' rimi u mmaniġġar ta' dan l-iskart se isir skont ir-regolamenti rilevanti. Qed ikun ukoll propost li l-ħama u n-naqal li se jirrizulta mit- <i>thammil jintrema</i> ġewwa fil-baħar, f'post approvat mill-MEPA, filwaqt li l-ġebel u l-konkos jingarr bil-braken, jintgħazel, u jiġi trasportat lejn siti approvati għar-rimi ta' skart. Ir-rimi ta' skart b' metodi oħra se jkun ipprobit. L-immaniġġar tal-iskart se jkun ukoll trattat fid-dettall fil-pjan għall-immaniġġar tal-faži ta' kostruzzjoni.
Waste	<i>The volume of solid waste to be produced by this project amounts to approximately 19, 600m3 (including rock, silt and sediment). Method of disposal and management of such wastes will be in accordance with waste management legislation.</i>

It is being proposed that both the silt and sediment resulting from dredging will be deposited out to sea at a location agreed with MEPA; while rock and demolished concrete will be taken away by barges, classified and transported to approved waste disposal sites using approved methods of working. Disposal of waste by any other means is strictly prohibited. Waste management will be addressed in the Construction Management Plan (CMP) submitted.

Minkejja dak li jissema' hawn fuq, l-Awtorità ta' Malta dwar l-Ambjent u l-Ippjanar iżzomm id-dritt li titlob lill-applikant li jissottometti informazzjoni oħra kif jista' jkun meħtieġ biex tiehu deċiżjoni dwar l-applikazzjoni.
