Integrated Pollution Prevention & Control Permit IP 0001/13 – DDE Ltd.

Dear Mr. Attard,

Reference is made to the Integrated Pollution Prevention and Control (IPPC) Permit issued to DDE Ltd. for the operation of an installation for temporary storage and processing of hazardous and non-hazardous waste which is valid until 1st October 2025.

In the sitting of 26th September 2025, the ERA Board granted an extension of twelve (12) months (commencing from 1st October 2025) until the renewal application is processed and the Regulatory Affairs Directorate recommends a decision to the Board.

The conditions of IP 0001/13 shall subsist until 1st October 2026 or until a renewal and variation application is submitted and determined, whichever comes first.

You may appeal from this decision before the Environment and Planning Review Tribunal within 30 days from the issue of this letter in terms of Article 63 of the Environment Protection Act.
