

# Public Consultation Submissions & Responses

## Malta's Proposed Green Infrastructure Information Document

August 2018

Environment & Resources Authority

## CONSULTATION FEEDBACK

Ref No.	Name of Stakeholder / Date	Comments Received	Response / Remarks
1	Jon Camilleri 27/07/2018	<p>Reference made to <a href="https://meae.gov.mt/en/Public_Consultations/MSDEC/Pages/Consultations/MaltasProposedGreenInfrastructureInformationDocument.aspx">https://meae.gov.mt/en/Public_Consultations/MSDEC/Pages/Consultations/MaltasProposedGreenInfrastructureInformationDocument.aspx</a>.</p> <p>I have been researching the topic for a while and so do other organisations, from my part I was proposing the introduction of bio-fuels in fuel station naturally needs considerable financing as written in the original proposal where I had initiated contacts naturally.</p> <p>Studies into energy sourcing would be useful as I was projecting to build a larger consortium of enterprises, hoping to achieve some recognition.</p>	Comment noted.
