Additional information on authorisations, keeping of such specimens or samples may be requested from the permit holder.
25. The Authority may add, amend, delete or substitute any of the conditions of this permit after notifying the Permit Holder of its intention and after describing the changes to the Permit Holder. This is without prejudice to any prevailing circumstances that would preclude the Authority from following such a procedure.
26. The Authority may suspend or revoke this environmental permit in line with the provisions of CAP 549.
27. The Permit Holder shall notify the following matters to the Authority in writing at least 10 working days prior to their occurrence:
 - a. Any change in the Permit Holder's trading name, registered name or registered office address;
 - b. Any change to particulars of the Permit Holder's corporate identity.
28. Upon the joint application of a Permit Holder and a proposed transferee, the Authority may transfer the nature permit to the proposed transferee. The transfer of the permit will not relieve any of the Permit Holders from their environmental obligations and liabilities.
29. In accordance with Regulation 47 of S.L. 549.44, details of the Permit Holder together with the details of conditions imposed in this Permit shall be maintained by the Authority in a register available for public inspection or maintained in electronic form.
30. ERA may inspect and monitor the activity at the expense of the Permit holder at rate and arrangement communicated by ERA's Compliance and Enforcement Directorate to ensure the safeguarding of the natural assets. ERA may also appoint other on-site monitors at the expense of the Permit Holder to act as an on-site liaison between the Permit Holder and ERA if the case arises.

31. The Authority's representatives may inspect and photograph any part of the site/ activity and ask for any closed or locked areas to be opened and may demand to be provided with any proof, documentation, plans, receipts or any other records.
32. This Permit including any Variation Notices or amendments to it shall be made available for any inspection by ERA officials at all times, or any legally recognised compliance and enforcement officials, when requested.
33. Whenever there is a conflict between the conditions of this permit and approved documents, the conditions of the permit shall prevail.
34. ERA shall not be held liable for any accidents or injuries which may occur during the activities being permitted through this Permit. It is the responsibility of the Permit Holder to ensure that all safety measures are taken.
35. This permit is without prejudice to any liability of the permit holder under the Act and to any punitive measures the Authority may wish to take with respect to works already carried out without permit.
36. The validity of this permit is until **31st March 2020**. The Permit Holder may apply for a renewal to this permit expressing his/her intention at least four (4) weeks prior to the expiry of this permit. Request for renewals shall only be considered upon confirmation of compliance with permit conditions and fulfilment of documentation as requested by this permit.
37. Any aggrieved person may appeal from this decision before the Environment and Review Tribunal within 30 days in terms of Article 63 of the Environment Protection Act.

Dingli Scout Group – Group Camp – February 2020 **Project Description**

It is envisaged that the group camp will be done during the Carnival holidays and commencing at around 5pm on Friday 21st February and finish on Monday 24th of February 2020 at around 11am.

The proposed project is a group camp organized by the Dingli Scout Group. It is a project which is entrusted to a leader as part of his preparation to be appointed as a leader. It is a requisite in scouting that as a final step a group camp has to be organised by the individual. After a few meetings it was decided that since being from Had-Dingli, the Buskett grounds would be a suitable place where it could be done. Since it's not the first time that our group camped in this place it was an easy decision. Plans began to be done and the theme would be around the Harry Potter movies, where youths of various ages will be mixed and classified in one of the movie series' houses, namely Gryffindor, Slytherin, Ravenclaw and Hufflepuff. During the camp youths will be participating in several educational games and basic life skills done through the scouting methodology.

Logistics are at an advanced stage, parental consent forms are being carefully prepared and several other leader meetings are planned so as not to take anything for granted. Hopefully, around 50/60 youths together with around 15/20 leaders will be participating.

Youths and leaders will arrive by their respective cars or will be brought by their respective parents or carers. Upon alighting, all will be accommodated in their respective areas and after tent pitching is done everyone can settle down for commencement of camp. Cars will be parked outside the gates or in designated areas. All will sleep in tents in the allotted camping space and meal times will be done in designated open areas so as to avoid any fire accidents.

Camp ovens, gas tanks (if any), lighting apparatus for night visibility, dishes and any other equipment which will be used during the camp will be safely locked under the designated tent or area and supervised by adult leaders at all given times. All precautions are being assessed so as to mitigate any health hazards that might occur. Adult leaders will be present with members at all times.

Looking forward to an adventurous camp where all can take part in a friendly manner in the marvellous surroundings of the Buskett grounds and Verdala Palace.
