Conditions

Introductory Note

The permit is granted in accordance with the provisions of the Environment Protection Act and Regulation 18(2) of the Flora, Fauna and Natural Habitats Protection Regulations, 2006 (S.L. 549.44), hereinafter referred to as the Regulations, for the purpose of the activities that shall be carried out within the Special Area of Conservation (SAC) and Special Protection Area (SPA) of 'Kemmuna, Kemmunett, il-Ħaġriet ta' Bejn il-Kmiemen u l-Iskoll ta' Taħt il-Mazz' (MT0000017).

The activity shall, subject to the conditions of this Permit, be managed, controlled and carried out as described in the NP Application, approved documents, and/or as otherwise previously agreed in writing by the Authority.

Status Log

Detail	Date
<i>Application NP0224/19</i>	11/06/2019
<i>Permit Issued</i>	09/07/2019
<i>Renewal Application NP0419/20</i>	24/08/2020
<i>Permit issued</i>	18 /09/2020

Pre-Commencement of activities/ work

1. The permit holder shall advise of the dates of works at least two (2) days prior to the commencement on ced.nature@era.org.mt. In the case of change of date, the permit holder is to inform ERA of such a change at least two (2) days in advance in the case of short-term cancellation of the activity (especially outside office hours), the Authority should be contacted on 9921 0404.

Permitted Activities

2. The Permit Holder is authorised to carry out the activities and the associated activities specified in Table 1

Activity	Description of specified activity	Limits of specified activity
Camping	Camping in Comino	i. Camping between the 20 th September to the 15 th October 2020 for twelve (12) people.

Site

3. The activities authorised under condition 2 shall be affected in the location as marked on the approved site plan at **Appendix 1**

Conditions of Activity/Work

4. Activities are to be held according to the subsequent conditions of this permit.

5. This permit shall be affixed at all times in a visually accessible and secure manner at the exterior of the tent or structure.
6. There shall be no access to or use of motor vehicles on site and access shall be restricted to existing footpaths.
7. No physical modification of the site and/or the surroundings shall be allowed including but not limited to the excavation of soil, and all structures shall be of temporary nature.
8. Tents shall be kept at a distance of two (2) metres from all trees and no tents or other equipment shall be attached to trees.
9. The Permit Holder shall ensure that no disturbance of any specimen of any protected species takes place. It is the responsibility of the permit holder to ensure that all precautions are taken to avoid environmental harm and to respect the protection status of the area, and to other important natural areas.
10. All precautions are to be taken to keep the site and its surroundings clean.

The Permit Holder is responsible for the collection and disposal of any litter, refuse or waste originated and generated during the camping activity. The site shall be cleaned and restored to its original condition, without causing any harm to the protected area and the surrounding environment.

Users of the site shall make use of sanitary facilities available in Santa Marija Bay or Blue Lagoon.

11. Lighting shall be kept to a minimum and all light fixtures shall be directed towards the area of the activity throughout the camping event, to prevent the generation of excessive light pollution. No lighting shall be directed towards the sky and the sea.

All lighting shall be switched off at 23:00hrs.

12. Any sound or playing of music shall:
 - a. not be loud and shall not exceed (70dB) at 100m from site boundary; and
 - b. shall be directed only towards the area of the activity; and
 - c. music shall be switched off at 23:00hrs.
13. No fires are to be lit directly on the sand, soil or rock (i.e. any fire must be safely contained within a physical structure). All barbeques are to use appropriate equipment to ensure that the heat source, fuel, ash and other foreseeable source of pollution or environmental hazard are not in direct contact with the ground. Any required fuel shall not exceed 10 litres at any one time and is to be carefully stored away from flammable sources. No fuel is allowed to be stored under the trees or within 5 meters of any trunk, tree or shrub. Measures of good practice and precautions shall be employed at all times to avoid pollution, explosion and/or fire hazard.

No fires are to be lit within vegetated areas or within 5m from the spread of branches or 10m from the trunk of existing trees and shrubs whichever is the greater.

Wood or other vegetation from site shall not be used for lighting of fires.

14. Any generators on site shall be portable, silent inverter type with a maximum output of 2.2kW and shall not exceed 70dB(A) at 100m from site boundary.

General Conditions

15. The 'Permit Holder', is responsible to ensure that all reasonable precautions are taken so that the activity conforms to the conditions in this Permit and the procedures outlined within the Permit application.
16. The activities covered by this permit are restricted to the permit holder, employees and/or volunteers and contracted parties commissioned for such activities/works under his supervision and direction, who shall all be made aware of this permit and the contents within.
17. The following activities are strictly prohibited:
 - a. The following activities are strictly prohibited: the deliberate picking, collection, taking, cutting, uprooting, harming, destroying or damaging deliberately destroying, keeping, transporting, selling, buying exchanging, offering for sale or for exchange, importing or exporting in any way of any specimen of wild flora;
 - b. the deliberate hunting, killing, capturing, taking, harming, disturbance particularly during periods of breeding, rearing, hibernation and migration, destruction and deterioration of breeding sites or resting places, pursuing, taking or attempting to take, deliberately killing or attempting to kill, deliberately destroying, keeping, transporting, selling, buying exchanging, offering for sale or for exchange, importing or exporting any specimen of any specimen of wild fauna;
 - c. introduction, removal, significant movement and re-engineering, and/or collection of sand, shingle, stone, soil and/or sediment;
 - d. excavation works and any physical modification of the vegetation cover, the ground and landform of the site and its surroundings;
 - e. generation of excessive noise, including extremely loud music or the use of noisy generators, or light pollution through the use of floodlights;
 - f. disposal, discharge or spillage of oil, fuel, paint or other pollutants, or of solid waste, ash or combustibles;
 - g. lighting of fires, except as permitted.
18. ERA may request updates and/or further information on the activity in question as deemed necessary.
19. The conditions imposed shall be adhered to throughout all the activities. Failure to do so may result in enforcement action and cessation of any related works or activities.
20. ERA may impose other additional rules or conditions or may amend one or more of the listed rules or conditions, as it deems necessary for the proper conservation of a protected site or area, biodiversity and the environment in general, and to ensure public safety.
21. The Permit Holder may apply for a variation of the Permit and shall seek the Authority's written agreement prior to any operational changes, by sending to the Authority:
 - a. Written notice of the details of the proposed change, including an assessment of its possible effects or risks to the environment from the approved activity;
 - b. Any relevant supporting information;
 - c. Any relevant supporting assessments and drawings, and;

d. The proposed implementation date.

Any such change shall only be implemented following the issue of a variation of the permit by the Authority.

22. In accordance with Regulation 46(4) of S.L. 549.44, a brief report with photos of the activities held, including any publications as a result of the activity, is to be provided to ERA by the Permit Holder within one month of the expiry of the permit, and is to be submitted to nature.permitting@era.org.mt. Information that should be treated as confidential as outlined in Regulation 48(4) of S.L. 549.44 shall be specified.

A template for the report is available at <http://era.org.mt/en/Documents/Activity%20Report%20template.doc>

23. This permit is granted saving third party rights. The Permit holder is not exempt from any other legislation or regulations, codes of practice, conditions or requirements imposed by any other competent authorities, including the obtaining of permits, licenses, or clearances including from site owners.
24. Any accidental handling, capture or collection of specimens or part thereof, whether dead or alive, of species listed within Schedule V and VI, and endemic species not listed in Schedule X of the Flora, Fauna and Natural Habitats Protection Regulations (S.L. 549.44) shall be reported on nature.permitting@era.org.mt within seven (7) days of sampling of the specimen provided that the permit holder may only keep such specimen or part thereof for scientific research purposes. The Authority may request additional information from the permit holder, including but not limited to, an application for authorisation for the keeping of such specimens or samples.
25. The Authority may suspend or revoke this Environmental Permit in line with the provisions of CAP 549.
26. The Permit Holder shall notify the following matters to the Authority in writing at least 10 working days prior to their occurrence:
- a. Any change in the Permit Holder's trading name, registered name or registered office address;
 - b. Any change to particulars of the Permit Holder's corporate identity.
27. Upon the joint application of a Permit Holder and a proposed transferee, the Permit Holder may request to transfer an environment permit. The permit shall not be transferred from the Permit Holder without prior approval from the Authority. Upon the Authority's decision to transfer the permit to the transferee, all rights, obligations, liabilities shall subsist onto the transferee.
28. In accordance with Regulation 47 of S.L. 549.44, details of the Permit Holder together with the details of conditions imposed in this Permit shall be maintained by the Authority in a register available for public inspection or maintained in electronic form.
29. The Authority may carry out regular pre-set or unannounced compliance or monitoring checks that vary in frequency according to the site's compliance with the permit conditions and safeguarding of natural assets. Any checks or audits carried out by the Authority may be made at the Permit Holder's financial expense at rate and arrangement communicated by ERA's Compliance and Enforcement Directorate. ERA may also appoint other on-site monitors at the expense of the Permit Holder to act as an on-site liaison between the Permit Holder and ERA if the case arises.
30. The Authority's representatives may inspect and photograph any part of the site/ activity and ask for any closed or locked areas to be opened and may demand to be provided with any proof, documentation, plans, receipts or any other records.

31. This Permit including any Variation Notices or amendments to it shall be made available for any inspection by ERA officials at all times, or any legally recognised compliance and enforcement officials, when requested.
32. Whenever there is a conflict between the conditions of this Permit and approved documents, the conditions of the Permit shall prevail.
33. ERA shall not be held liable for any accidents or injuries which may occur during the activities being permitted through this Permit. It is the responsibility of the Permit Holder to ensure that all safety measures are taken.
34. This permit is without prejudice to any liability of the Permit Holder under the Act and to any punitive measures the Authority may wish to take with respect to works already carried out without permit.
35. The validity of this permit is until **the 15th October 2020**. The Permit Holder may apply for a renewal to this Permit expressing his/her intention at least four (4) weeks prior to the expiry of this permit. Request for renewals shall only be considered upon confirmation of compliance with Permit conditions and fulfilment of documentation as requested by this Permit.
36. Any aggrieved party may appeal from this decision to the Environment and Planning Review Tribunal in accordance with Article 63 of the Environment Protection Act and with the provisions of the Environment and Planning Review Tribunal Act.
