Notice of ERA Board Decision: IP 0004/13/B – Variation of an IPPC Permit to include further batteries and air conditioner units

Dear Mr. Cachia,

Reference is made to the above-mentioned IPPC Permit variation application and the Authority's Board determination of the said application.

In the sitting of 23rd October 2020, the ERA Board considered the application favourably, retaining the original expiry date of IP 0004/13/B, that is 11th April 2021, subject to fulfilment of the following conditions prior to the granting of the variation:

1. Submission of an updated bank guarantee of €13,000
2. Settlement of the accrued fines related to OWK 0064/19 due by the 23rd October 2020 amounting to €9,100
3. Settlement of outstanding accrued fees amount to €5,600 to cover the annual contributions for 2016 – 2020 (€1,000 per year for the period 2016-2020 regulated by ERA) and 8 inspections carried out to date (rated at €200 per inspection).

The applicant is to inform ERA upon completion of these conditions so as to proceed with granting of said permit. Failure to fulfil the conditions above, within 30 days, will result in the application being referred for dismissal. This letter shall not be construed as a permit to undertake any activity on site.

This decision may be appealed before the Environment and Planning Review Tribunal within 30 days from the issue of this letter in terms of Article 63 of the Environment Protection Act.

Prof. Victor Axiak
Chairman
f/ERA Board
