Conditions

Introductory Note

The permit is granted in accordance with the provisions of the Environment Protection Act and Regulation 18(2) of the Flora, Fauna and Natural Habitats Protection Regulations, 2006 (S.L. 549.44), hereinafter referred to as the Regulations, for the purpose of the activities that shall be carried out at Il-Buskett located within the Special Area of Conservation (SAC) and Special Protection Area (SPA) of L-inħawi tal-Buskett u tal-Girgenti (MT0000018).

The activity shall, subject to the conditions of this Permit, be managed, controlled and carried out as described in the NP Application, approved documents, and/or as otherwise previously agreed in writing by the Authority.

Status Log

Detail	Date
<i>Application NP</i>	17/07/2020
<i>Permit Granted</i>	As per date on front page

Pre-Commencement of activities/ work

1. The Permit Holder shall advise of the dates of works at least seven (7) days prior to the commencement on ced.nature@era.org.mt. In the case of change of date, the permit holder is to inform ERA of such a change at least two (2) days in advance. In the case of short-term cancellation of the activity (especially outside office hours), the Authority should be contacted on 9921 0404.

Permitted Activities

2. The Permit Holder is authorised to carry out the activities and the associated activities specified in Table 1

Table 1.

Activity	Description of specified activity	Limits of specified activity
Food truck and craft beer Festival	As described in approved document 24A	(i) Setting up of food and drink stalls at the Buskett tent area on 31/03/2021 between 1000 and 2200hrs for approximately 600 people; (ii) Set-up to include lights and silent generator.

Site

3. The activities authorised under condition 2 shall be affected in the location as marked on the approved site plan NP0330/20/24A.

Conditions of Activity/Work

4. Activities are to be held according to the approved Project Description Statement NP0330/20/24A.
5. Activities and the setting up of stalls are restricted to the areas marked on the approved site plan NP0330/20/24A.
6. The permit holder shall ensure that disturbance of any specimen of any species is kept to a minimum. It is the responsibility of the permit holder to ensure that no harm is caused to the environment either intentionally or accidentally. Attention must also be afforded to the whole of the environment of the SAC in view of the protection status of SAC.
7. The light festoon shall be directed solely towards the activity areas under or near the tent and is not to be directed outwards or upwards towards the trees and shall be fully cut-off. Lights are to be switched off not later than midnight.
8. Any sound employed as part of the event shall:
 - a. not be loud and shall not exceed (70dB) at the periphery of the Buskett tent; and
 - b. be emitted from speakers which shall be situated in a manner to only direct sound towards the activity and not allow for any sound to be reflected back into the wooded areas surrounding the site;
 - c. be switched off not later than midnight.
9. Sound monitoring shall be carried out by a suitably qualified and experienced Monitor to be nominated by not later than one (1) month prior to the activity, for approval to ERA's satisfaction. Monitoring is to be carried out in line with a plan to be submitted for ERA's approval prior to the monitoring and shall be carried out during the live band performance at the event. Such monitoring shall be carried out at the expense of the permit holder.

In the event of exceedance of the sound level in condition 8, the Monitor shall immediately inform ERA on 99210404 and shall also instruct the permit holder to lower the volume until this reaches the prescribed sound level.

ERA may request additional monitoring exercises as need arises.

10. Any generators, liquid fuel and other relevant combustible material should be stored within a safe distance from the trees in the area (i.e. at least 5 meters away from the circumference of the nearest tree canopy). All liquid fuel or combustible material employed is to be handled with care and fuel spillage is not allowed.

The placing of generators and other lighting equipment shall not involve the removal of plants or the levelling of ground.

All generators used shall be quiet, shall not exceed 70dB of sound from the site boundary and shall be switched off at 2300hrs.

11. All reasonable precautions are to be taken to keep the site and its surroundings clean.

The permit holder is responsible for the collection and disposal of any litter, refuse or waste originated during the activity. The site shall be cleaned and restored to its original condition, without causing any harm to the protected area and the surrounding environment.

Rubbish disposal facilities shall be provided by the organisers and any waste generated during the activity is to be collected immediately and disposed of accordingly in accordance with the Waste Management (Activity Registration) Regulations 2007 (S.L. 549.45) and the Waste Regulations, 2011, (S.L. 549.63), including where necessary through the Consignment Permit procedure.

General Conditions

12. The 'Permit Holder', is responsible to ensure that all reasonable precautions are taken so that the activity conforms to the conditions in this Permit and the procedures outlined within the Permit application.
13. The activities covered by this permit are restricted to the Permit Holder, employees and/or volunteers and contracted parties commissioned for such activities/works under his supervision and direction, who shall all be made aware of this Permit and the contents within.
14. The following activities are strictly prohibited:
 - a. the deliberate picking, collection, taking, cutting, uprooting, harming, destroying or damaging deliberately destroying, keeping, transporting, selling, buying exchanging, offering for sale or for exchange, importing or exporting in any way of any specimen of wild flora;
 - b. the deliberate hunting, killing, capturing, taking, harming, disturbance particularly during periods of breeding, rearing, hibernation and migration, destruction and deterioration of breeding sites or resting places, pursuing, taking or attempting to take, deliberately killing or attempting to kill, deliberately destroying, keeping, transporting, selling, buying exchanging, offering for sale or for exchange, importing or exporting any specimen of any specimen of wild fauna;
 - c. cutting or damaging of reeds, tree branches etc;
 - d. planting of vegetation, shrubs and/or trees or the introduction of any flora or fauna into the site or its environs;
 - e. introduction, removal, significant movement and re-engineering, and/or collection of sand, shingle, stone, soil and/or sediment;
 - f. excavation works and any physical modification of the vegetation cover, the ground and landform of the site and its surroundings;
 - g. generation of excessive noise, including extremely loud music or the use of noisy generators, or light pollution through the use of floodlights;
 - h. disposal, discharge or spillage of oil, fuel, paint or other pollutants, or of solid waste, ash or combustibles;
 - i. lighting of fires.
15. ERA may request updates and/or further information on the activity in question as deemed necessary.
16. The conditions imposed shall be adhered to throughout all the activities. Failure to do so may result in enforcement action and cessation of any related works or activities.
17. ERA may impose other additional rules or conditions, or may amend one or more of the listed rules or conditions, as it deems necessary for the proper conservation of a protected site or area, biodiversity and the environment in general, and to ensure public safety.

18. The Permit Holder may apply for a variation of the Permit and shall seek the Authority's written agreement prior to any operational changes, by sending to the Authority:
 - a. Written notice of the details of the proposed change, including an assessment of its possible effects or risks to the environment from the approved activity;
 - b. Any relevant supporting information;
 - c. Any relevant supporting assessments and drawings, and;
 - d. The proposed implementation date.

Any such change shall only be implemented following the issue of a variation of the permit by the Authority.

19. In accordance with Regulation 46(4) of S.L. 549.44, a brief report with photos of the activities held, including any publications as a result of the activity, is to be provided to ERA by the Permit Holder within one month of the expiry of the permit, and is to be submitted to ced.nature@era.org.mt. Information that should be treated as confidential as outlined in Regulation 48(4) of S.L. 549.44 shall be specified.

A template for the report is available at <https://era.org.mt/topic/nature-permit-reporting/>

20. This permit is granted saving third party rights. The Permit holder is not exempt from any other legislation or regulations, codes of practice, conditions or requirements imposed by any other competent authorities, including the obtaining of permits, licenses, or clearances including from site owners.
21. Any accidental handling, capture or collection of specimens or part thereof, whether dead or alive, of species listed within Schedule V and VI, and endemic species not listed in Schedule X of the Flora, Fauna and Natural Habitats Protection Regulations (S.L. 549.44) shall be reported on nature.permitting@era.org.mt within seven (7) days of sampling of the specimen provided that the permit holder may only keep such specimen or part thereof for scientific research purposes. The Authority may request additional information from the permit holder, including but not limited to, an application for authorisation for the keeping of such specimens or samples.
22. The Authority may suspend or revoke this Environmental Permit in line with the provisions of CAP 549.
23. The Permit Holder shall notify the following matters to the Authority in writing at least 10 working days prior to their occurrence:
 - a. Any change in the Permit Holder's trading name, registered name or registered office address;
 - b. Any change to particulars of the Permit Holder's corporate identity.
24. Upon the joint application of a Permit Holder and a proposed transferee, the Permit Holder may request to transfer an environment permit. The permit shall not be transferred from the Permit Holder without prior approval from the Authority. Upon the Authority's decision to transfer the permit to the transferee, all rights, obligations, liabilities shall subsist onto the transferee.
25. In accordance with Regulation 47 of S.L. 549.44, details of the Permit Holder together with the details of conditions imposed in this Permit shall be maintained by the Authority in a register available for public inspection or maintained in electronic form.
26. The Authority may carry out regular pre-set or unannounced compliance or monitoring checks that vary in frequency according to the site's compliance with the permit conditions and safeguarding of natural assets. Any checks or audits carried out by the Authority may be made at the Permit Holder's financial expense at rate and arrangement communicated by ERA's Compliance and Enforcement Directorate. ERA may also appoint other on-site monitors at the expense of the Permit Holder to act as an on-site liaison between the Permit Holder and ERA if the case arises.

27. The Authority's representatives may inspect and photograph any part of the site/ activity and ask for any closed or locked areas to be opened and may demand to be provided with any proof, documentation, plans, receipts or any other records.
28. This Permit including any Variation Notices or amendments to it shall be made available for any inspection by ERA officials at all times, or any legally recognised compliance and enforcement officials, when requested.
29. Whenever there is a conflict between the conditions of this Permit and approved documents, the conditions of the Permit shall prevail.
30. ERA shall not be held liable for any accidents or injuries which may occur during the activities being permitted through this Permit. It is the responsibility of the Permit Holder to ensure that all safety measures are taken.
31. This permit is without prejudice to any liability of the Permit Holder under the Act and to any punitive measures the Authority may wish to take with respect to works already carried out without permit.
32. The validity of this permit is until **31st March 2021**. The Permit Holder may apply for a renewal to this Permit expressing his/her intention at least four (4) weeks prior to the expiry of this permit. Request for renewals shall only be considered upon confirmation of compliance with Permit conditions and fulfilment of documentation as requested by this Permit.
33. You may appeal from this decision to the Environment and Planning Review Tribunal in accordance with Article 63 of the Environment Protection Act and with the provisions of the Environment and Planning Review Tribunal Act.

Malta's Food Truck & Craft Beer Festival

Taps and Trucks is a Food Truck & Craft Beer Festival that focuses on providing its visitors with high quality street food options, as well as the best craft (artisanal) beers served on tap (draft). It is primarily a day-time event attracting a young to middle-aged crowd, particularly: young families; artisanal beer lovers; and food lovers searching for the best street food in Malta. The event is also dog and pet friendly and requires a sizeable location where there is enough space for families, particularly children, to be entertained.

The event was held twice during 2019, once at the beginning of Summer and then in December, and was successful in attracting a sizeable crowd due to its unique concept. We look forward to organising the next edition at the end of September and look forward to offering a wide range of authentic, international specialty beers and trendy street food served in a friendly, natural environment.

More on

<https://www.facebook.com/tapsandtrucksmalta/>

Date of event:

Wednesday 31st March 2020 [public holiday]

Time:

10am - 10pm

Area requested:

Expected visitors: 600 people

Music & Sound:

The event's focus is food and artisanal beers and there will be background music projected through small street speakers (similar to those used in main shopping streets around Malta during Xmas). In the evening, if allowed, we would also be interested in inviting a local band for a gig. Sound level will be kept low and in respect of the surroundings.

Lighting:

Uplighters within the metal, enclosed structure and some task lights within the enclosed structure to light up work areas after sunset.

Food stalls:

Food will be supplied through food trucks and food stalls which will be organised underneath the metal canopy. The intention is to have five to six food trucks/stalls to serve savoury food, and three dessert options and one coffee.

Cleaning:

During and after the event, the place will be cleaned by a third party company (GeneralCleaners Ltd) with a leave no trace principle.

Generator:

10KVA super silent or less for general lightning and music
food trucks will have their own dedicated small generator (5kv or less)

Insurance:

Full event liability insurance will cover the event. [MIB Insurance]

Risk Assessment:

A risk assessment will be performed prior to the event.

Police permit:

We already checked with the police about this event and will get a written no objection closer to the date.

Notes:

No open fires will be allowed during the event.
