Dear Reader,

With reference to your letter dated 22/02/2021 pleased find the information requested.

The expected increase in traffic flows in Annual Average Daily Traffic (AADT), in view that Heavy Goods Vehicles (HGVs) visiting the site would not exceed 30 trips per day.

The batching plant will operate using raw mineral graded resource and recycled inert material from the adjacent recycling facility approved in PA 04110/16 and site covered by EP 0072/20.

Please do not hesitate to contact us, should you require any further clarifications.
