Tuesday, 26 May 2026

The Chairperson  
Environment & Resource Authority  
Hexagon House  
Spencer Hill  
Marsa.

Environment Protection Officer

**APPLICATION NUMBER: EP 00343/25**

**LOCATION: Ta' Qali Civic Amenity**

**PROPOSAL: Environmental Permit Application**

With reference to the request dated May 2026 for comments in relation to the application regarding the subject in caption and in addition to the comments provided on the 27<sup>th</sup> January 2026, please be informed that this Directorate would like to provide the additional comments:

1. The composter shall be operated and maintained to minimise the release of bioaerosols, including Legionella, thereby ensuring the protection of public health.
2. A complaints management procedure shall be in place to address any dust or odour nuisance.
3. All contaminated water collected within the reservoir shall be disposed of in accordance with applicable regulations.

f/Director (Environmental Health)
