Proposal Renewal application (IP 0002/21) of the Delimara Power Station multi-operator Integrated Pollution Prevention and Control Permit operated by ElectroGas Malta Ltd., D3 Power Generation Ltd., Enemalta plc. and United Equipment Co Ltd.

Decision Notice for the determination of IP 0005/25

Dear Eng. Fava & Eng. Farrugia Cann,

Reference is made to the above-mentioned IPPC Permit application and the Authority's Board determination of the said application.

In the sitting of the 8th May 2026, the ERA Board considered the application favourably for a period of ten (10) years subject to fulfilment of the following conditions prior to the granting of the permit:

1. Submission of a bank guarantee of € 1,000,000 covering the obligations of Subsidiary Permit 3 and the operator specific conditions in the Framework Permit.

The post-decision requirements are to be fulfilled at the earliest and not later than six months from the date of this letter. The applicant is to inform ERA upon completion of this condition so as to proceed with granting of said permit. Non-fulfilment of this condition shall result in the dismissal of the decision. This letter shall not be construed as a permit to undertake any activity on site

Through this letter, the permit validity of IP 0002/21 shall be extended and its conditions shall subsist until 10th August 2026.

Any aggrieved person may appeal from this decision before the Environment and Planning Review Tribunal within 30 days from the issue of this letter in terms of Article 63 of the Environment Protection Act.
