Integrated Pollution Prevention & Control Permit IP 0001/21 – AGV Non Ferrous Malta Ltd.

Dear Mr. Cachia,

Reference is made to the Integrated Pollution Prevention and Control (IPPC) Permit issued to AGV Non Ferrous Malta Ltd. for the temporary storage of hazardous waste at Mqabba, which is valid until 19th May 2026.

In the sitting of 8th May 2026, the ERA Board granted an extension of two years (commencing from 20th May 2026) until the renewal application is processed and the Regulatory Affairs Directorate recommends a decision to the Board.

The conditions of IP 0001/21 shall subsist until 19th May 2028 or until the pending renewal and variation is determined, whichever comes first.

You may appeal from this decision before the Environment and Planning Review Tribunal within 30 days from the issue of this letter in terms of Article 63 of the Environment Protection Act.
