30th March 2022

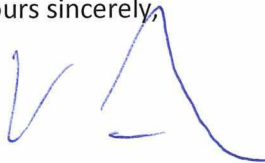

Dear [REDACTED]

**National Action Plan for a Child Guarantee 2022-2030
Consultation in terms of Regulation 4(6) of the Strategic Environmental Assessment
Regulations (S.L. 549.61)**

Reference is made to the consultation on the SEA Screening Template for the National Action Plan for a Child Guarantee 2022-2030, which the Environment and Resources Authority (ERA) received by email on 25th March 2022.

ERA has reviewed the information provided with your SEA screening consultation and considers that, strategically, the Plan is unlikely to have significant environmental effects. Depending on their nature, scale and context, development proposals emerging from this Plan or any other Government plans, programmes and measures referred to in this Plan would require further environmental screening by ERA.

Yours sincerely,

Mr. Kevin Mercieca
Acting Chief Executive Officer
Environment and Resources Authority
