Section 4 – Site Management

Condition 4.4.5 shall be amended as follows:

- 4.4.5 As part of the Annual Environment Report in Schedule 2, the Permit Holder shall include an Annual Declaration (template of which is found in Schedule 4) by an independent body (an independent warranted v architect, engineer or environment consultant) confirming that waste used for backfilling was suitable inert waste substituting non-waste materials. Such declaration is to be supported by a concise report carried out also by an independent body and which should include:
- a. A Quarterly review of the data on waste collected by the Permit Holder at acceptance stage on site, and
  - b. Details of associated site visits carried out by the independent body on a quarterly basis.

In cases where during the reporting year, no backfilled material was accepted within the facility from outside sources, a declaration by the permit holder stating such shall suffice.
